

FOR IMMEDIATE RELEASE

ATLANTIC PARTS DISTRIBUTION CENTRE – OPENING SEPTEMBER 1, 2020

MISSISSAUGA, ON, Jul. 27, 2020 /CNW/ - G.N. Johnston Equipment Co. Ltd., an authorized Sales and Service Center of The Raymond Corporation, is excited to announce the opening of a Parts Distribution Centre in Atlantic Canada to better serve customers in the Maritimes.

Opening on September 1, this new distribution centre will be supported by inventory at other Raymond Parts Distribution Centres across Canada, together with their network of service centres, fleet of local service vans and vendor partners, allowing them to source more than 7 million competitively priced aftermarket parts for electric and I/C lift truck models, docks and doors.

Raymond's team of experienced, Complete Fleet® certified correspondents stand ready to help customers source parts for any make and model of material handling equipment.

And most orders can be delivered to their door within 24 hours!

In addition to their parts distribution centres, Raymond offers thousands of OEM quality forklift parts by Genuine RayBuilt® and DuraSource™ at 13 service centre locations nationwide. A large selection of safety supplies, batteries, shop tools, maintenance, PPE, dock, and door parts are also available.

Raymond's fleet of regional service vans carries a wide selection of parts that reflect the profile of Raymond equipment within a specific service area. Each van's inventory is monitored to ensure the parts their customers need are always readily available.

In other words, Raymond Corporation is equipped to manage all their customer's aftermarket parts needs.

About G.N. Johnston Equipment Co. Ltd.

For more than 60 years, G.N. Johnston Equipment Co. Ltd.'s mission has been to develop valued customer partnerships by providing precision, cost-effective material handling equipment, systems and service solutions that maximize space, increase customer productivity and enhance customer safety. Today, Johnston is a nationwide material handling provider with 14 strategically located offices. It recognizes that customer care is just as important as the quality and craftsmanship of the equipment, with each of its 840-plus team members focused on providing only the highest levels of personalized service.
